NoThrow™ sliding hook system so fish stay hooked

Patented Magnetic Hook Holder® holds hooks against body so hooks don't dangle unnaturally

- RealSwim™ Technology for a true-swimming action
- Triple-jointed soft body with InnerArmor™ fiber skeleton
- Body shapes and textures cloned from actual fish

InnerArmor™
Patent Pending

Proprietary fiber material is exceptionally lightweight yet insanely strong!

Exclusive InnerArmor™ fiber skeleton bonds to the body material and reinforces joint sections for unmatched bait strength and durability!
